

With a nationally renowned faculty, a rich and diverse curriculum, myriad opportunities for professional training, and the expansive resources of a world-class research university, Illinois Law features a first-rate LLM program designed to introduce international students to the U.S. legal system.

- LLM students enjoy a fully integrated classroom experience, where they learn alongside JD students.
- The curriculum offers a blend of doctrinal law, theoretical perspectives, and real-world skills. Students take core classes that provide a strong foundation in essential elements of legal practice and have the freedom to choose from nearly 150 course offerings.
- Students have the opportunity to specialize in their own area of academic or professional interest. Illinois has a worldwide reputation in several areas of strength:
 - Business and Law
 - Criminal Law
 - Family Law, Health Law, and Torts
 - Government and Law
 - Technology and Intellectual Property (IP) Law
- LLM students are encouraged to participate in a variety of activities that will prepare them for legal practice, including clinics, competitions, trial advocacy, law journals, student organizations, pro bono, and over 100 lectures and events.

Flexible LLM Program

Start Date:

Most students begin the program in the fall semester (August). Limited applications are accepted to begin in the spring semester (January).

2 or 3 Semester Option:

Students may elect to complete the LLM program in 2 or 3 semesters. This allows students the flexibility to customize a program of study, enjoy greater internship opportunities, and benefit from more time to study for the bar exam.
